Borough of North Plainfield

MUNICIPAL BUILDING

263 Somerset Street

North Plainfield, New Jersey 07060-4846

February 2006

Dear Fishing Friend,

The Parks and Recreation Commission of North Plainfield, New Jersey will be sponsoring its annual Youth Fishing Derby on Saturday, April 29, 2006. This will be the 34th consecutive derby held in our community.

Each year, thanks to donations, we stock our pond with over 175 bass and trout for a three hour fishing contest for boys and girls. Each year nearly 170 youngsters attend this exciting event at our Green Acres Pond on Rockview Terrace.

As a former mayor for 15 years, an Educator for 37 years and an avid fisherman, I truly know we must get more youngsters interested in fishing and the protection of the environment. Now more than ever our youth need your help and the help of your organization.

We would be appreciative to any donations such as freshwater or saltwater; rods, reels, fishing line, T-shirts, hats, hooks, tackle, lures, fishing boxes, books, gift certificates, and of course donations of money.

We will have prizes for each age group, but more importantly we hope to give something to every youngster participating! Everyone will go home a winner and hopefully a future fisherman and a person who cares about the environment.

If you have any questions, feel free to contact me at any time; at home (908) – 753 – 9338 after 6:30

Thank you for your cooperation and caring!

Yours in Fishing,

Steven Novak, Jr.
