

Women's Health & Counseling Center

December 2008

Dear Friend:

The economy has worsened and many of our friends and neighbors are suffering. With job loss on the rise, many people will also lose health benefits. Women's Health & Counseling Center is here to serve women in need of health care who can't afford to purchase it on their own. Unfortunately, those who need the service aren't always aware that help is available.

You can help by sharing information with anyone you know who might need our services during the economic downturn. Please take the time to reach out to someone who has been laid off or is experiencing other hardship. Offer them this note. We promise to take good care of them.

Thank you so much for being part of the team that has supported Women's Health & Counseling Center and our clients in 2008. Your partnership is truly valued.

Happy Holidays!

Fran Palm
Executive Director

Women's Health & Counseling Center (WHCC) is a community-based, nonprofit provider of personalized healthcare for women, particularly those who may not be able to obtain such services from traditional providers due to monetary, cultural, language or other barriers.

Services include:

- * Primary healthcare
- * Reproductive healthcare
- * Teen Clinic
- * Benevolent Drug Program
- * Cancer screenings
- * Sexual Assault Support Services
- * Health Education

Note: Though many of our programs are geared toward women, two services are also available to men including testing and treatment of sexually transmitted diseases and cancer screening.
